Accepting Applications for the Parent-Child Relocation Program

We are currently accepting applications for the Parent-Child Relocation Program, so that house-holds with elderly residents can better receive support from their children and their households.

You are eligible for this program if you have lived in your current municipally-owned apartment for a year or more (your rental agreement was approved for your current municipally-owned apartment on or before June 1, 2025), and you fulfill either (1) or (2), AND (3) of the following conditions.

Application Conditions

(1) Parent Households

Parent households (can be a single individual) in municipally-owned housing, where all residents are 65 years of age or older (born on or before June 15, 1961), that wish to move to a location closer to the household of a child of theirs (does not have to be in municipally-owned housing).

(2) Child Households

Child households (can be a single individual) in municipally-owned housing that wish to move to a location closer to the household of a parent of theirs (does not have to be in municipally-owned housing), where all residents are 65 years of age or older (born on or before June 15, 1961).

(3) At a minimum, relocation must reduce minimum travel time between the parent household and child household by 30 minutes or more. If the current travel time between the parent household and child household is 30 minutes or more, a relocation must decrease that time to less than 30 minutes (“minimum travel time” refers to standard travel time with public transportation).

Precautions Before Applying

(1) Households in都民住宅 (Households in Subsidized Housing), 定期使用住宅 (Time-Limited Housing), 福祉住宅 (民生住宅) (Welfare Housing) and引揚者住宅 (Repatriation Housing) may not apply for this program.

(2) Households that have late housing fee payments, or over-earners (residents whose incomes exceed the limit for municipally-owned housing) may not apply for this program.

(3) Applications must be from either the parent household or child household. You will be disqualified from the lottery if both households apply.

Aomori is the northernmost prefecture of Honshu, Japan's largest island. The number one producer of apples in Japan, Aomori is also famous for Oma tuna and the spectacular Aomori Nebuta Festival held every August. The prefecture gets very cold in winter, and some areas receive a great deal of snow.

Tree Pruning, Pest Extermination in Your Housing Complex

! Tree Pruning, etc.

Residents of the complex are requested to carry out everyday forms of maintenance for the trees, hedges, and other foliage planted by the government. However, in any of the cases given below, you can submit an application, after which we will survey the issue and carry out pruning or other work as needed, using government funds. Please contact the JKK Tokyo Customer Support Center in any of the cases below. (phone number ② on page 6)

- Blocking too much sunlight
- Blocking pathways
- Blocking the light from streetlamps
- Causing issues related to crime prevention
- Causing other disturbances in everyday life

! Pest Extermination

If you find dangerous pests on **trees**, we will carry out a survey and take action if necessary. Please contact the JKK Tokyo Customer Support Center in such cases. (phone number ② on page 6)

Asian giant hornet

This hornet becomes more active over the summer and fall. It is extremely dangerous if it stings you.

Tea tussock moth (larva)

This caterpillar can be found on camellias, camellia sasanquas, and similar trees. We have received an increasing number of inquiries from people who have suffered skin irritation or other issues after directly touching the poisonous hairs on the black parts of this caterpillar, or after being stung by poisonous hairs that were blown onto them by the wind. When cutting grass, pruning, or carrying out other work in your housing complex, please cover your skin with long sleeves, gloves, or other equipment, and check for caterpillars before starting work.

Residents are responsible for the extermination of any pests or the like **in their residence**. Using insecticidal smoke or the like for extermination can cause the fire alarm to be activated due to this smoke.

When using such methods, we ask that you cover the fire alarm temporarily with a plastic bag or the like, to protect it from the smoke.

We also ask that you inform your neighbors in advance before carrying out this procedure, so that they do not mistake the smoke for a fire.

Common Fee Collection Program

In municipally-owned housing, etc., the resident association for each apartment complex is responsible for managing common areas, such as weeding areas. However, we have received feedback that this responsibility is becoming a huge burden due to the aging of residents and other factors.

As such, the Tokyo Metropolitan Government now has a program for managing some common areas upon request by housing complexes. The costs for this will be collected as common fees along with the housing fees.

In principle, you must apply for the program through your resident association, although the program is also available to apartment complexes that do not have a resident association. In such cases, the residents must discuss the matter and have a representative submit the application.

Visit the website for more information on the common fee collection program.

The Victim Is Not a Stranger

May 1 (Fri.) – 7 (Thu.) is Constitution Week

May 3 is Constitution Memorial Day. Every year, the week surrounding Constitution Memorial Day (May 1 to 7) is designated Constitution Week, with various events held throughout the country.

The Constitution of Japan guarantees its people fundamental human rights that are eternal and inviolate. Human rights refer to the people's right to life, liberty, and the pursuit of happiness, and the right conferred upon all human beings from birth, to live with inherent dignity.

Even now, however, there remain issues such as discrimination, bullying, abuse, and stalking, where people infringe upon the human rights of others.

It is important for us as a society to cultivate compassion for others and respect the human rights of others, so that we can all live in peace and happiness.

An Example in Municipally-Owned Housing

Discriminatory graffiti in municipally-owned housing

There has been graffiti in the shared spaces of municipally-owned housing that discriminate against those from Dowa districts or people with disabilities, as well as abusive/slandering graffiti directed at specific residents.

Discriminatory graffiti not only hurts all those involved and destabilizes their lives—left alone, it can even spread or strengthen discriminatory intent in others.

This kind of behavior is entirely unacceptable. Please contact us as soon as possible if you find any discriminatory graffiti.

Note: Graffiti may constitute crimes such as criminal damage to property as defined by the Penal Code of Japan.

For municipally-owned housing, etc., having a joint guarantor is no longer necessary. As a substitute for a joint guarantor, we now ask residents to submit a person as a point of contact instead.

If you have already registered a joint guarantor, the lessee may apply to change the joint guarantor to their point of contact. If you have not filed a notification to designate a point of contact, please do so at your earliest convenience.
